Web-based Study  
No geographic restrictions

*Do You Have Arm  
Lymphedema?*

Vanderbilt University School of Nursing is conducting a research study. If you have Internet access and are over 18, have had breast cancer and now have lymphedema (swelling in your arm), and are not currently undergoing chemotherapy or radiation treatment, you may be eligible for a study about improving management of lymphedema symptoms. If interested, please call 615-343-6313 (toll free at 1-866-321-6841) or email [Melissa.A.Adair@Vanderbilt.edu](mailto:Melissa.A.Adair@Vanderbilt.edu)
